

## QUALITY POLICY

The objective of One Environmental and each of its partner divisions; One Environmental and One Environmental Interiors is to provide innovative solutions to domestic and commercial customers ranging from survey, testing, installation, and maintenance services, and for water, gas, and ventilation systems, enable them to maintain their compliance obligations to the HSE and LCA.

We will continue to bring forward-thinking innovations, ongoing support, and expertise to customers throughout the UK, because we don't just meet industry standards, we aim to exceed them.

To achieve this objective, the organisation will maintain an effective and efficient Quality Management System based upon the requirements of ISO 9001:2015.

As such, the Directors of ONE Environmental are committed to the following:

- Establish measurable quality and business objectives that are consistent with the context and strategic direction of the organisation and address risks and opportunities associated with them.
- Ensure quality objectives help the organisation achieve customer requirements by:
  - being committed to investing in cutting-edge technologies to bring customers greater peace of mind when it comes to compliance.
  - being committed to communicating with our customers on a personal level, build relationships, and offer time efficient and cost-effective solutions, and make a real difference.
  - providing a high standard of customer service
  - working with a high standard of suppliers
- Monitor and measure the effectiveness of its business processes and objectives through management reviews and the internal audit process.
- Proactively seek feedback from customers on how well its products/services meet their requirements and set objectives for continual improvement.
- Analyse the causes of any complaint or problem and take appropriate action to prevent recurrence.
- Select and work closely with suppliers who enable the organisation to create and deliver a reliable performance.
- Recruit employees who are customer-focused and support them with appropriate training and systems to ensure their competence always meets the organisation's requirements.
